

Long Island Taxi and Airport Service is taking the following procedures to help protect our passengers from the coronavirus (COVID-19):

- **Wellness and Temperature Checks** for all drivers prior to shift
- **Mandatory Gloves and Face Coverings** for all taxi drivers
- **Enhanced Cleaning** of high contact areas in all taxis
- **Social Distancing** procedures in all taxis
- **Frequent Hand Washing** before all rides
- **Disinfecting Vehicle** after each passenger exits the taxi

Long Island Taxi and Airport Service takes your safety very seriously and we will continue to ensure your ride is as safe as possible.

We also provide shopping trips for our clients where you can make a list of items you need and as long as they are pre-paid we will pick them up for you at local supermarkets and stores.

Remember that taxis are an essential service for those in need of rides during the coronavirus crisis and when you need a ride call us and we will do our best to ensure your safety and cleanliness.

Long Island Taxi and Airport Service does NOT add a COVID-19 fee like other transportation companies. Instead, we charge what we always charged, a fair price to get you from point A to point B in the safest, most comfortable way possible. Our dedication to serving all Long Island passengers remains strong as we all pull through this unpredictable time. We are all in this together and we want to make your transportation as safe and hassle free as possible.

Stay safe.

Sincerely,

Long Island Taxi and Airport Service and the entire Long Island Taxi Network
